Dedication

Untitled — 1974

It is an act of calm injustice
Indifferent to the claims
Of life and love
That protest.

It is a summation, a negation
Swift, defenseless and
Without precedence.

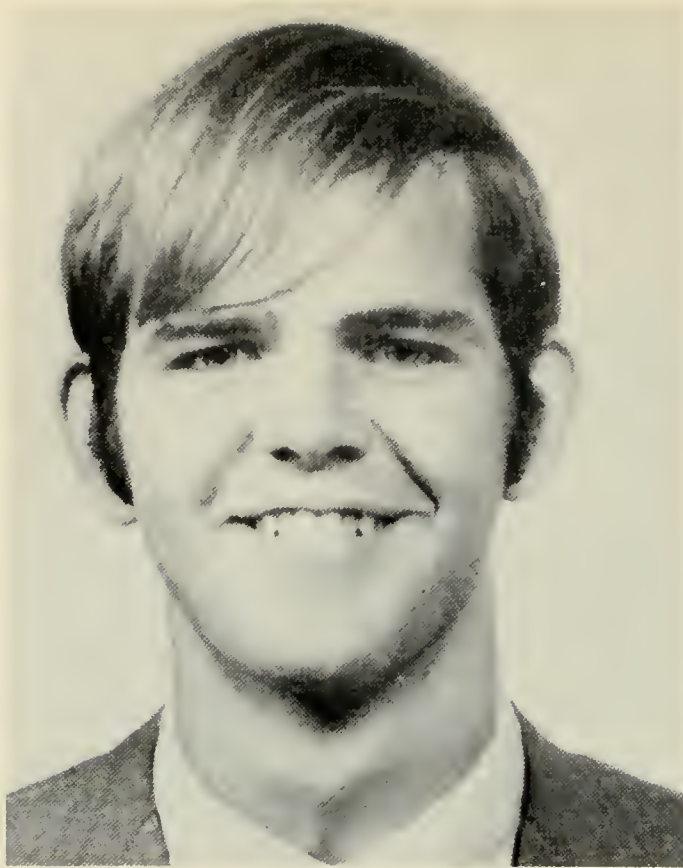

It is a naked space, an
Unmade Luke stopped short
Of protest for life
And love.

It is for those who walk on,
A geometric web unbraced
By one - off-balance
Thereafter.

Isn't that Roger Mudd?

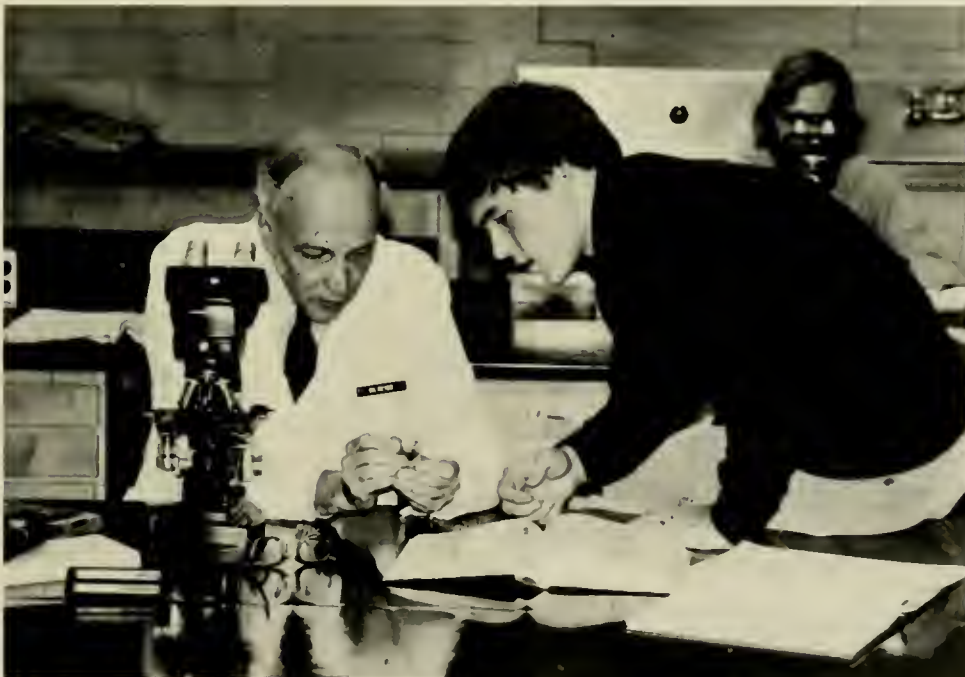

At least I have a job to fall back on.

It's no use telling them; they wouldn't believe you.

A greeting from Mr. Staples.

No matter what he's saying, it just can't be that interesting.

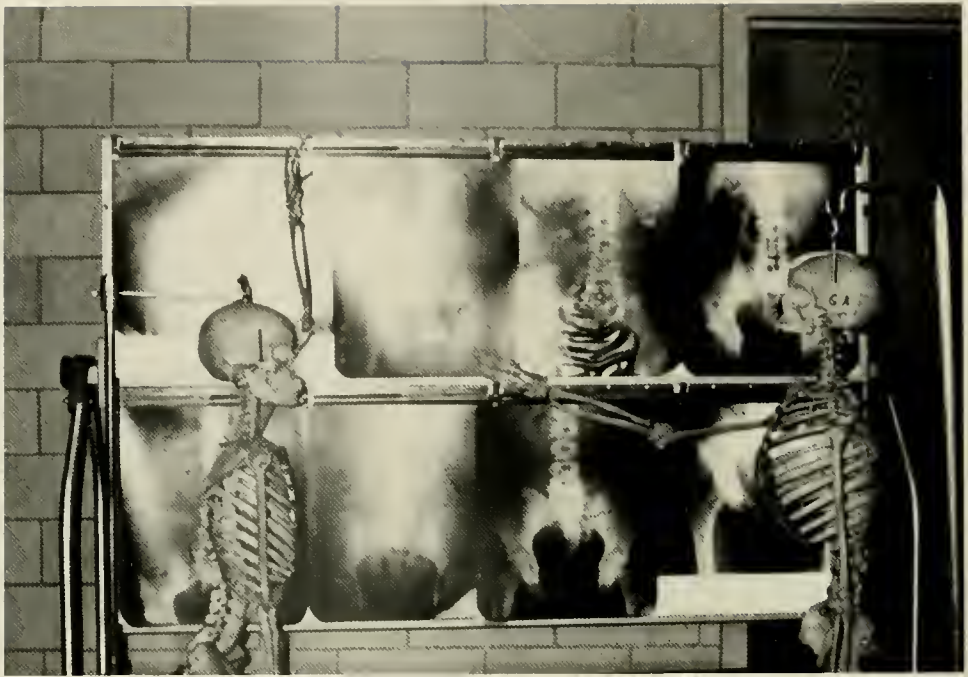

There are few risks in modern surgery.

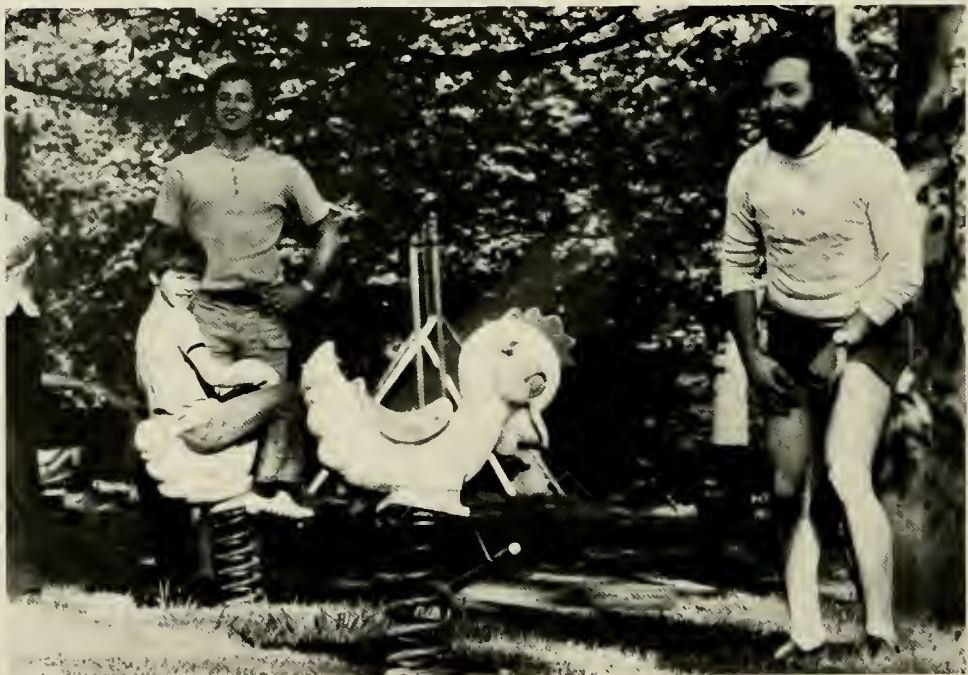

Just let me know five weeks in advance and you can drop ANYTHING.

Here are a few things which you have to know to pass biochemistry.

G.I. rounds are getting longer all the time.

These 2nd year students certainly are less inhibited.

It would have been better to go that way.

A job where decisions are made for him.

. . . and next year I am offering an elective.

It must be safe if he eats there.

Alabama's always number one in this room.

It's a nice feeling to know that you are wanted.

The staff is always available for consultation.

. . . and then I told Dilley to get an I.V. pole.

The Surgery Department needs about seven like Dr. Watne.

Not all night nurses are uncooperative.

When you're the editor you get to put your favorite picture in the yearbook.

Another fun day on surgery.

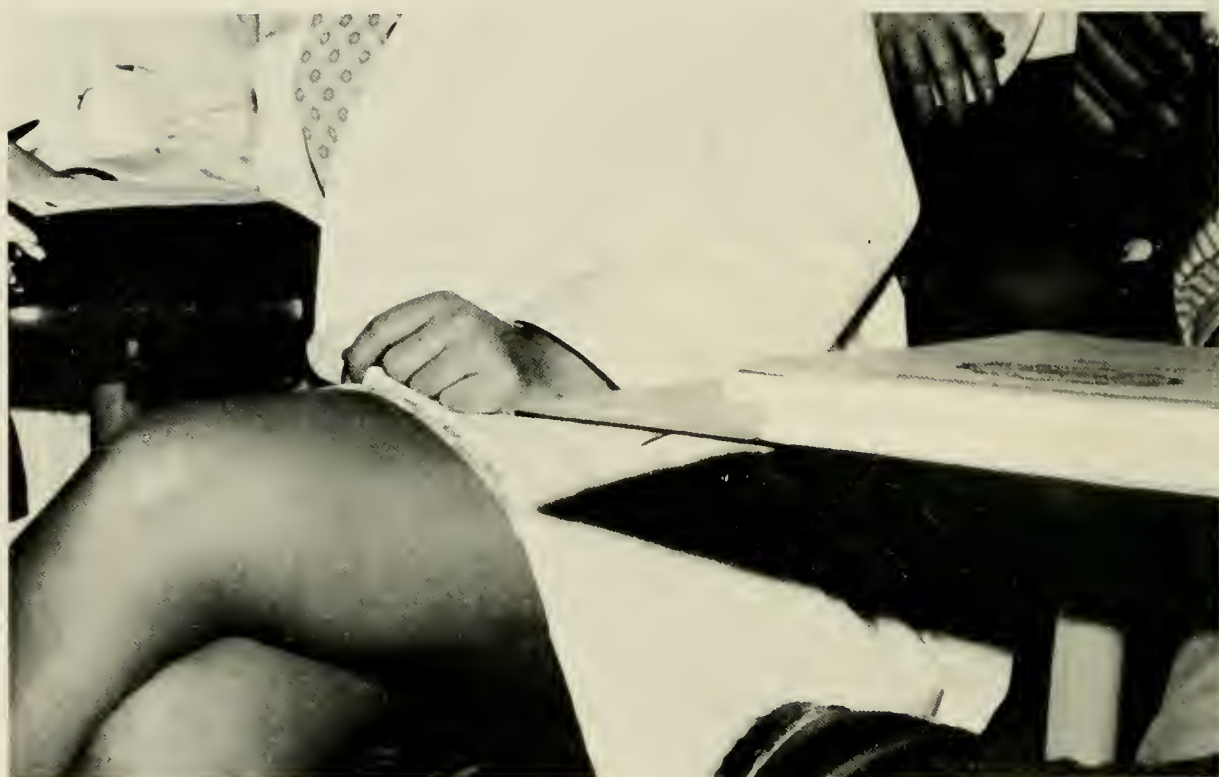

Don't bother applying if you are female, a medical student or circumcised.

There will be an additional prize in the intramural league this year.
